

MOUNTAIN VISTA METROPOLITAN DISTRICT
QUARTERLY PROGRESS-TO-DATE REPORT

October 1, 2024

Mountain Vista Metropolitan District (the “District”) has conducted regular monitoring and scanning of its information and communication technology (“ICT”), as such term is defined in 8 CCR § 1501-11.4, as further described below:

- Beginning October 1, 2024, the District is conducting periodic scans of the front facing pages for accessibility and is keeping quarterly scans on file.

The results of the regular scanning and monitoring show the District’s ICT having an overall compliance score of 80% with the Technical Standards, as such term is defined in 8 CCR § 1501-11.5. The District continues to remediate known compliance issues in the following areas:

- Digital Content

Following the Districts’ Quarterly Progress-to-Date Report dated October 1, 2024 the Districts proposed plan of action is to:

- Reach full compliance under the rules

The District is committed to providing equitable technological access to our services, programs, and activities. The District’s ongoing technology accessibility efforts work toward being compliant with the Technical Standards. To that end, the District endeavors to continuously improve the technological accessibility of its ICT demonstrated by this Progress-to-Date Report.
